

Apprenticeships Health and Social Care

Endorsed
Provider

Hello there!

We are delighted that you are considering apprenticeships. Before you decide on the programme for you, it's important that you choose a training provider that you can trust.

About us:

- Realise is one of the largest training providers in England.
- Everything we do is driven by quality. We are regulated by Ofsted and a 'Good' provider.
- We specialise in delivering apprenticeships and adult learning programmes.
- Every year 7,000 people are trained by an expert at Realise.
- We have a large network of expert trainers across England. That means that whilst we are a national provider, we can offer a local service.

Points to note

Before training can begin, there are a few things that learners and employers will need to do.

Learners will:

- Have a discussion with their line manager and gain approval for training before signing up.
- Be prepared to keep their line manager up to date with their progress.
- Be confident that they have the personal commitment necessary to complete all aspects of the programme.

Employers also have an obligation to do the following:

- Have a discussion with the learner about the support they need to complete their qualification.
- Be prepared to allow the learner sufficient time to complete their qualification.

Adult Care Worker Level 2

Level 2 | 14 months

The Adult Care Worker qualification is the ideal course for employees who are new to Health and Social Care and have completed their probation.

About this course:

This programme enables learners to develop the knowledge, skills and behaviours that they will need to become confident in their roles as Support Workers.

Whilst on the apprenticeship programme, learners can expect to receive a wide variety of learning opportunities to get the appropriate knowledge, skills and behaviours needed to successfully complete the programme and progress their career.

We'll equip and skill apprentices to make a positive difference to the lives of the adults in care, enabling individuals to achieve their personal goals and live as independently and safely as possible.

Key learning topics covered during the apprenticeship include:

- Tasks and responsibilities
- Duty of care
- Statutory and legal requirements including Health & Safety
- Communication
- Care Certificate - Ensuring the required knowledge and competence within the 15 listed standards
- Diploma in Health and Social Care

Thanks to Realise, we can offer new caregivers a recognised qualification, which has provided us with some amazing new staff.

Lead Adult Care Worker Level 3

Level 3 | 14 months

The Lead Adult Care Worker qualification is the ideal course for Support Workers and Senior Support Workers to develop their knowledge and skillset.

About this course:

This course teaches a wide range of skills that are essential to successfully supervise, lead and support others to deliver quality care. We will teach and support learners to be a competent Lead Adult Care Worker able to deliver the very best care and be an expert practitioner. To help fulfil the learner's role, we will equip them with the expertise to provide supervision, frontline leadership, guidance and direction for others.

Our sector experts will support learners to achieve the apprenticeship. We have highly skilled and knowledgeable staff with significant experience of working in the industry who will be able to share their experiences and support you. All learning is either on a one-to-one basis or small group webinars.

We will equip and skill apprentices to make a positive difference to the lives of the adults in care, enabling individuals to achieve their personal goals and live as independently and safely as possible.

Key learning topics covered during the apprenticeship include:

- Level 3 Diploma in Adult Care
- Lead and support others
- Importance of rights, values and behaviours
- Communication
- Health and Safety
- Health and well-being

My future is bright thanks to Realise. I am so grateful for all the support that I received and now the sky's the limit!

Elwira Wielgat,
Pinfold,
London

Lead Practitioner in Adult Care Level 4

Level 4 | 18 months

The Lead Practitioner in Adult Care qualification has been designed to support experienced individuals working in the adult care sector to enhance their skills and knowledge and become a specialist.

About this course:

This programme is specifically aimed at those responsible for being a lead in a team and working towards being a manager or perhaps have been identified as a future manager.

Participants who complete this new Lead Practitioner in Adult Care Level 4 apprenticeship will be well placed to guide, inspire and help support other team members to make a positive difference to someone's life when they are faced with physical, practical, social, emotional, psychological or intellectual challenges.

We will help the learner to take the next step in their career and tailor the programme to the setting so that learning is practical and can be applied in the workplace.

Key learning topics covered during the apprenticeship include:

- Legislation relevant to management
- Partnership working
- Inclusive practice
- Communication
- Person centred assessment and planning
- Personalisation of support
- Best practice in mentoring and supporting the professional development of others
- Risk management
- Health and Safety

Realise epitomises what a positive partnership working can achieve. They are professional and supportive of myself and my staff.

Dr Louise May, Director and Owner of Kare Plus Wirral and Liverpool

Leader in Adult Care Level 5

Level 5 | 18 months

The programme is designed to enhance skills and knowledge so that care leaders can deliver person-centred support to our most vulnerable citizens.

About this course:

This apprenticeship is ideal for managers or future managers working in the adult care sector.

This programme aims to increase the technical understanding and the practical abilities of those who have responsibility to ensure the most vulnerable adults receive excellent quality of care and support. We will have to develop a range of skills that can be used in settings, including improving CQC assessment ratings. The programme will benefit those working in a wide range of settings such as nursing homes, clinical healthcare, domiciliary care, day centres and support services.

Learners will develop a wide range of skills to set them up for a successful career in the sector and also gain the Level 5 Diploma in Leadership and Management for Adult Care. This is a qualification that the CQC expect all Managers to have or be working towards.

Key learning topics covered during the apprenticeship include:

- Management theories
- Governance and regulatory processes
- Strategies to support others
- Quality and improvement
- Partnership working including better networking in the local area

Realise epitomises what a positive partnership working can achieve. They are professional and supportive of myself and my staff.

Dr Louise May, Director and Owner of Kare Plus Wirral and Liverpool
