

REGISTERING MULTIPLE TESTS

This guidance provides a step-by-step guide on how to register multiple coronavirus (Covid-19) test kits at once, including those carried out in care homes.

The guide covers:

- the benefits of using multiple upload to register multiple test kits at once.
- the information you'll need to have to hand before you begin.
- how to download the multiple registration spreadsheet.
- how to fill in the multiple upload spreadsheet before testing.
- how to upload the multiple upload spreadsheet to register or report test kits.

The full guidance and updated spreadsheet can be found [HERE](#). Staff and visitors can still use the self-reporting services when self-testing at home.

IC&T Fund

If you received funding from the IC&T Fund, just a quick reminder to look out for an email from 'Dept of Adults' next week so you can complete the reporting survey. For more ideas on how the funding could be allocated, please see the information from the BCA on the [Provider Zone](#). We'll be sharing information about the next tranche of funding, which the Government announced on Sunday, shortly.

COVID-19 SUPPORT TEAM WEEKLY VLOG

The latest instalment of the Covid-19 Support Team's vlog series is now available on YouTube. Feel free to check it out using this [LINK](#)

ADMISSION AND CARE OF PEOPLE IN CARE HOMES

Guidance around how to protect care home residents and staff during the coronavirus outbreak has been updated. A range of format and other changes have been made, including clarifying that admissions into a care home from the community are able to take a test up to 72 hours in advance. A table outlining all the changes made can be found [HERE](#) and the full document link is [HERE](#)

THE NEW (CONNECT TO SUPPORT) SOCIAL CARE DIRECTORY

We would like to introduce you to the new Social Care Directory; <https://bradford.connecttosupport.org/social-care-directory/>, which will replace our current Search and Shop function; <https://bradford.connecttosupport.org/s4s/WhereLive/Council?pagelId=2292&Search=#>, from Monday 05 July 2021.

Although this will be live on the Connect to Support website, we will not be promoting this wider, the reason for this is to give care providers and other organisations the chance to sign up to this system. To register your service either complete this form here;

<https://bradford.connecttosupport.org/s4s/WhereLive/Council?pagelId=2718>, or contact Public Partnerships Limited (PPL) on 0333 600 6330.

Although you may have had an account linked to the Search and Shop, unless you have updated this since the start of the year, it will not have been moved across to the new Social Care Directory. If you have an existing account, please update and then contact PPL on the number above to confirm, they will then transfer you across to the new system.

The proposed roll out for the new Social Care Directory is as follows:

Stage 1: Advertise with Social Care Providers, to start now until the 31 July 2021.

Stage 2: Advertise to Social Care Professionals (i.e. Social Workers), to start on the 01 August and end on the 30 September 2021.

Stage 3: Advertise to people in receipt of services and to members of the public, to start 01 October.

This time is to allow testing of the live system and for you as a provider to start promoting your organisation on the site. Please note that you will have to create entries for each service you provide, for example; home care, residential care, day care, transport, etc.. As you will have to advertise the different costings and information for each type. This is to help those needing services better find the support they are searching for.

For any queries, please email connecttosupport@bradford.gov.uk.

BRADFORD CARE HOME RESOURCE PACK – UPDATED 01 July 2021

Click [HERE](#) to access!

This guide is designed to complement and not replace local guidance and professional judgement and is a live document which will be updated at least fortnightly, to align with other national and regional guidance.
