INFECTION PREVENTION AND CONTROL LINK CHAMPIONS

Thank you one and all for the amazing response to the recent Infection Prevention and Control Training. The time has now come to move forward and progress with the Link Champion Role, along with developing further training sessions.

So over to you! The IPC Team want to know how you see the role of the Link Champion and what you would like to be included in future training. Any suggestions gratefully received!

In the next few weeks we will be putting Infection Prevention and Control Question and Answer sessions on the Telemed Hub and would like any questions you have to be sent to Cheryl before Monday 22nd June.
