

Dear Colleague,

I am writing to acknowledge the recent information published by CQC, regarding the number of Covid-19 deaths from individual care homes. We are aware how distressing this news might be for all staff and volunteers working in care homes. We would like to make sure that all staff and volunteers are aware of the support we can offer.

Our Mental Health and Wellbeing Hub is open to all staff and volunteers, offering free confidential support and rapid access to therapy. More information is available at <https://workforce.wyhpartnership.co.uk/>.

During August, we will be sending out a bespoke Newsletter to all care homes in West Yorkshire, detailing the offers that we have available. These include Wellbeing Workshops, E-Learning modules and Wellbeing Check-ins.

If you have any questions, please do not hesitate to contact us on bdcccg.wyh.mentalwellbeinghub@nhs.net.

Yours Sincerely
